PROFILE INFO

High-impact .NET Developer with 1.3 years of expertise in ASP.NET Core MVC and C#, specializing in scalable web application and data processing solutions. Proven ability to automate complex tasks, including designing scripts for structured data extraction from PDF/Excel. Eager to deliver robust full-stack features, utilizing Entity Framework Core and foundational Azure knowledge.

SKILLS

- **Language** : C# 7.3, 10.0
- **Dotnet Versions**: .Net Framework 4.6, 4.7 & NET Core 3.0, 6.0
- **Frameworks** : Entity Framework (ORM), MVC, Asp.net MVC, Asp.net WebAPI
- **Script Language**: Java Script ES6, JQuery
- **SQL Language**: SQL Server 2016/17 & 2019
- **Design** : HTML5, CSS3
- **Version Control** : Git 2.41, Github (Cloud)
- **Tools** : Git, GitHub, Agile /Jira
- **Others** : REST APIs, JWT Authentication, Payment API.

EDUCATION

Dr.G.U.Pope College of Engineering

- Bachelor of Enginnering - 76%

Chidambaram.Hr.Sec.School

- HSLC- 69.75%

Chidambaram.Hr.Sec.School

- SSLC - 93.6%

LANGUAGES

- English (Fluent)
- Tamil (Fluent)

WORK EXPERIENCE

CBM Tech Private Ltd

AUG 2024 - NOV 2025

Software Developer - Sea Cargo e-Filing System

- Engineered the core backend using ASP.NET Core MVC with C# and MS SQL, integrating server-side processing for a dynamic e-Filing system.
- Implemented configurable automation scripts to extract structured data from PDF and Excel documents, significantly reducing manual data entry effort for clients.
- Developed scalable backend logic to manage client-specific data processing for individual shippers, ensuring tailored and efficient system functionality.
- Optimized data retrieval efficiency by utilizing LINQ to write clean and high performance queries for processing and filtering large shipper datasets.
- Collaborated with the support team to clearly define requirements and proactively resolve critical development blockers, ensuring timely feature delivery.
- Maintained code quality and application stability through active participation in peer code reviews, adhering to best practices for maintainable deliverables.

BNET Global Solutions - Bangalore

JUN 2024 - AUG 2024

Summer Intern

- Delivered 5 individual static web projects utilizing HTML, CSS, and JavaScript, demonstrating proficiency in responsive design principles.
- Strengthened web development best practices, debugging, and performance optimization through hands-on guidance and mentorship.

CERTIFICATION

- Microsoft Certified: Azure Fundamentals (AZ-900) | [Credential-Link](#)
- Validated core knowledge of Azure services, cloud models (IaaS, PaaS), and deployment basics relevant to modern application development.

DECLARATION

- I hereby affirm that the information provided is true and accurate to the best of my knowledge.
